

Preventive care drug list

A big part of staying healthy is finding and treating problems before they get serious. The preventive care drugs listed here can help you stay healthy if you're at risk for certain conditions. Like most preventive care, they're covered at no cost or at a copay.

This is only a sample list, and it may change. For a current and complete list, call the Member or Customer Service number on your Kaiser Permanente ID card.

Asthma

Beclomethasone dipropionate

Budesonide (inhalation)
